"Cathleen O'Hara is an absolute delight," said Lisa Delaney, Chief Content Officer of *Parade*. "She's not only a powerhouse, but is kind, funny and extremely grateful for her career and the people she's worked with."

She also understands how difficult it is for those starting their careers today.

"My training was in front of a live audience who didn't have a phone held up to the stage, and they could only tell their friends and family about it," said O'Hara. "So, I loved having the freedom to fail. I feel bad for people starting out now in any work in any kind of career."
